

VOTE FOR JSHEANESU CHAPUNGU

FOR EXECUTIVE OFFICER

Hello, my name is Isheanesu and I am studying Level 1 Health and Social Care. I would like to be elected as an Executive Officer, as I would like to make people feel comfortable in the Students' Union and around the college campus!

I am a very fun and sociable person who likes to meet new people. I am also a good listener and I like to support my peers.

If I was elected as an Executive Officer, I would like to make positive changes to the Students' Union. I would create a survey that could be distributed amongst learners to gain insight into what my peers would like to change. This would ensure, that all voices were heard. One of my ideas for the Students' Union, is to introduce new games for the Xbox.

I would like to celebrate equality and diversity in many ways. For example, I would like to host a cultural food day whereby the canteen produces cuisine from a variety of different places around the world!

I would also like to introduce Hockey and Handball into the enrichment booklet! This would allow learners to get involved in new sporting opportunities!

Stronger together, for a better campus and a better tomorrow!
