

# VOTE FOR LEAH FORKIN

## FOR EXECUTIVE OFFICER

Hi, my name is Leah and I am studying Level 2 Sport. I am a very active member of the college, getting involved in a wide variety of enrichment activities such as Challenge South Africa and Challenge London. I would like to be elected into the Executive Officer position to create new enrichment ideas which are student-led.

I am a very bubbly, outgoing individual with good leadership skills. I have demonstrated these qualities by taking on teaching responsibilities in my sport class and delivering sessions to young children on the Bee Active internship. I would like to use my confidence to champion the voice of other students and their ideas to come up with new enrichment activities for the college.

As an Executive Officer, I would like to make positive changes to the enrichment booklet that benefits the majority of learners. For example, I would like the darts club to take place on a Thursday as well as Wednesday lunch time people as lots of sports students who would like to get involved. I would also make a cross-college vote for new activities in the union to replace the football table that no longer works. I like the idea of putting in an air hockey table in place of this.

Some other ideas I would like to propose as an Executive Officer, include:

- I would also like to campaign for new pool cues for the pool table.
- I would like to support Amy with enrichment activities such as netball and dodgeball.
- I would like to make the union a cleaner space and encouraging learners to dispose of rubbish.
