

## VOTE FOR LEIGHTON GENT FOR EXECUTIVE OFFICER

Hi, my name is Leighton and I am studying Level 1 Sport. I would like to be elected as an Executive Officer because I want to make a positive change to the college and develop my confidence and independence.

I am very dedicated to the current enrichment programme at the college, taking part in football and dodgeball. I would consider myself as a very helpful individual, helping to set up and lead aspects of enrichment. I would consider myself as very approachable and very straight-up, providing help and support to my peers when needed.

If I was elected into the Executive Officer position, I would like to establish new enrichment. For example, I would like rounders to become a permanent feature of our enrichment programme in the summer months of term. I would also like to use my experience on the current enrichment programme to help deliver sessions to new learners. I would also like to support Amy in making the Student's Union a safe and friendly place for learners to interact.

I would like to ask learners to vote for new enrichment clubs!
