FOR EXECUTIVE OFFICER

Hi guys, my name is Umaiza and I am studying Level 3 health and social care. As a student I have first-hand knowledge of the needs and concerns of my peers around the college. I feel that I am able to understand what changes would truly benefit other learners.

As a peer mentor in the college, I have developed important skills which can be transferable to my role as an Executive Officer. Being a peer mentor allows me to build connections and create a strong network within the college community, which can be beneficial when supporting learners who need it the most.

If I was Executive Officer, I would:

Support learners with any concerns they may have

Make college a happier and fun place

Improve campus facilities by creating comfortable study spaces

More multi-cultural events throughout the year
