

Vote for Millie Spiteri for Executive Officer

★ ————— ★

I am studying Confectionery and Patisserie, and I want to make a positive difference in college. I am a friendly, approachable individual, and I like to make sure people feel included and comfortable.

★ ————— ★

Starting college can be overwhelming and scary è if I was an Executive Officer, I would aim to make new students have the support they need to feel welcomed and to settle quickly.

★ ————— ★

I would like to start some new clubs for a broader range of interests. I am a creative person, so I was thinking of an arts and crafts club (maybe with cake!), and a board games club.

★ ————— ★

I believe in giving back to the community and have ideas on some community projects such as:

- Social events for local elderly people who may be lonely
- Creating a community garden for wellbeing
- Care packages for people in need
- Environmental projects such as litter picking
