

VOTE FOR MOHAMED RUGHEIM

FOR EXECUTIVE OFFICER

I am studying BTEC Level 3 Applied Science, and I want to make a real change in college! I always listen to people, I am considerate, determined, and an approachable individual.

Here's what I'd like to focus on:

- More sports opportunities based on what students actually want—whether it's football, basketball, or other activities that matter to you.
- Improve the Student Union room – it's already a great space with games, consoles, and WiFi, but I'll work with the team to keep it fresh, fun, and up to date.
- I'll do my best to make pool free, so everyone can enjoy it without needing to pay.

I'm committed to improving the experience for every student across both campuses—and I'll always be someone you can talk to.
