

# **Vote for Paige Collins for** **Vice President**

**Hi my name is Paige, I am currently studying Level 2 Sports Coaching. I take an active role in cross-college activities as a Student Ambassador representing the college and my course at open events. I am an incredibly kind individual, and take pride in being a Peer Mentor supporting everyone at the college.**

**I am a considerate individual that is always willing to listen to the views of my peers! I have a keen desire to continue the positive work that we do at the college to improve student experience. I can confidently lead groups of young people and champion their values and beliefs at the college.**

**As a Vice President, I would like to continue the campaign for inclusivity within our enrichment programme. For instance, I would like to ensure that there is designated quiet areas during the lunchtime period whereby people can socialise. I am also keen to advocate for Health and Safety within the college. I think it would be important establish a First Aid qualification for learners to ensure that they know how to respond effectively in life-threatening situations.**

**Let's continue promoting equality and inclusion at Stoke on Trent College!**
