

Vote for Roxana for Students' Union Executive Officer!

Hello, my name is Roxana and I am currently studying Level 2 Hairdressing. I am a friendly, kind individual that enjoys helping others. I am an active individual who enjoys spending time in the gym!

As a Students' Union Executive Officer, I would really like to encourage learners from my area and across college to get involved in enrichment activities. I am passionate about health and fitness and I would like to establish an Athletics Club at the college, as exercise is not only important for physical health but it is essential for positive wellbeing!

I have represented the college community on the Student Council this year and as an Executive Officer I would like to continue to articulate the views of my peers to make positive changes within the college!
